

COLORADO EAST BAHÁ'Í
SUMMER SCHOOL 2018

Nurturing Hope in a Chaotic World
Brightening the Light of Justice

“Trust in the capacity of this generation to disentangle itself from the embroilments of a divided society. To discharge your responsibilities, you will have to show forth courage, the courage of those who cling to standards of rectitude, whose lives are characterized by purity of thought and action, and whose purpose is directed by love and indomitable faith.” ~ The Universal House of Justice

**At the beautiful La Foret Conference & Retreat Center
6145 Shoup Road, Colorado Springs, CO**

Please join us at the Colorado East Bahá'í Summer School! We will be delving into the writings of Shoghi Effendi, studying and consulting on how to transform ourselves and actively work toward justice in our communities.

We will enjoy devotions and music, along with time for fellowship, reflection and recreation.

The children and junior youth will be on the same path of study including some all-ages classes where we can learn together. A nursery is available for the young ones during class time.

Everyone is welcome! Invite the children and their parents who are in your neighborhood children's classes, invite the junior youth and their parents, invite those who attend devotions and those in your study circles. Invite those whose homes you visit or those who visit you.

*Together we can build communities
that are havens of unity!*

Aug 31 –Sept 3, 2018
(Labor Day Weekend)

“If he attends his summer school—and everyone without exception is urged to take advantage of attending it—let him consider such an occasion as a welcome and precious opportunity so to enrich, through lectures, study, and discussion, his knowledge of the fundamentals of his Faith as to be able to transmit, with greater confidence and effectiveness, the Message that has been entrusted to his care. Let him, moreover, seek, whenever feasible, through intercommunity visits to stimulate the zeal for teaching, and to demonstrate to outsiders the zest and alertness of the promoters of his Cause and the organic unity of its institutions.”

~ Shoghi Effendi
