TRANSLATING THOUGHTS INTO ACTION WALKING TOGETHER ON A PATH TOWARD RACE AMITY

“Walking Together on a Path toward Race Amity and Oneness” was created by a task force appointed by The National Spiritual Assembly of the Baha'is of the United States (including a member of the Continental Board of Counselors) and is being studied at Seasonal Schools across the country.

This inter-generational program brings families and communities together to study how race amity is an integral dimension of building community, gain new insights on addressing racial prejudice, and create action plans to carry forward this conversation in our daily activities.

In an atmosphere of openness and joy, conversation on difficult matters becomes possible and constructive.

“Only if the efforts to eradicate the bane of prejudice are coherent with the full range of the community’s affairs, only if they arise naturally within the systematic pattern of expansion, community building, and involvement with society, will the American believers expand their capacity, year after year and decade after decade, to make their mark on their community and society and contribute to the high aim set for the Bahá’ís by ‘Abdu’l-Bahá to eliminate racial prejudice from the face of the earth.” ~ UHJ 10 April 2011 Letter to an Individual
